

STATE OF NEW JERSEY
DEPARTMENT OF HEALTH
TRENTON

July 18, 1941

Dear Mrs. Manley:

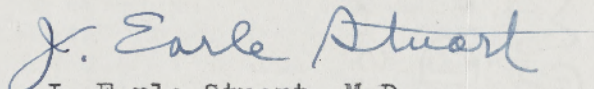

Please accept my tardy thanks for your generosity in publicizing the x-ray survey at the ball park, through the facilities of your loud speaker.

The publicity for our survey is progressing well, and we hope that a large response by the citizens in Newark will follow.

As you suggested, we are reserving Tuesday July 22, at 7 P.M. for your base ball team, which will be the first group to be x-rayed. Please inform me if the team will be in town, and if they can be present at that time.

Thanking you again for your cooperation and courtesy, I am,

Very sincerely yours,

J. Earle Stuart, M.D.
Consultant
Negro Health Program

Mrs. Effa Manley
